

A21 Medway Viaduct and Manor Farm subway improvements

Essential work on the A21 Medway Viaduct and the Manor Farm subway

We will be doing maintenance work on parts of the A21 Medway Viaduct and to the Manor Farm subway, also on the A21. We'll be starting work on 2 January 2020.

We will be closing some lanes of the A21 at night to do this work and at some points we will close the road entirely.

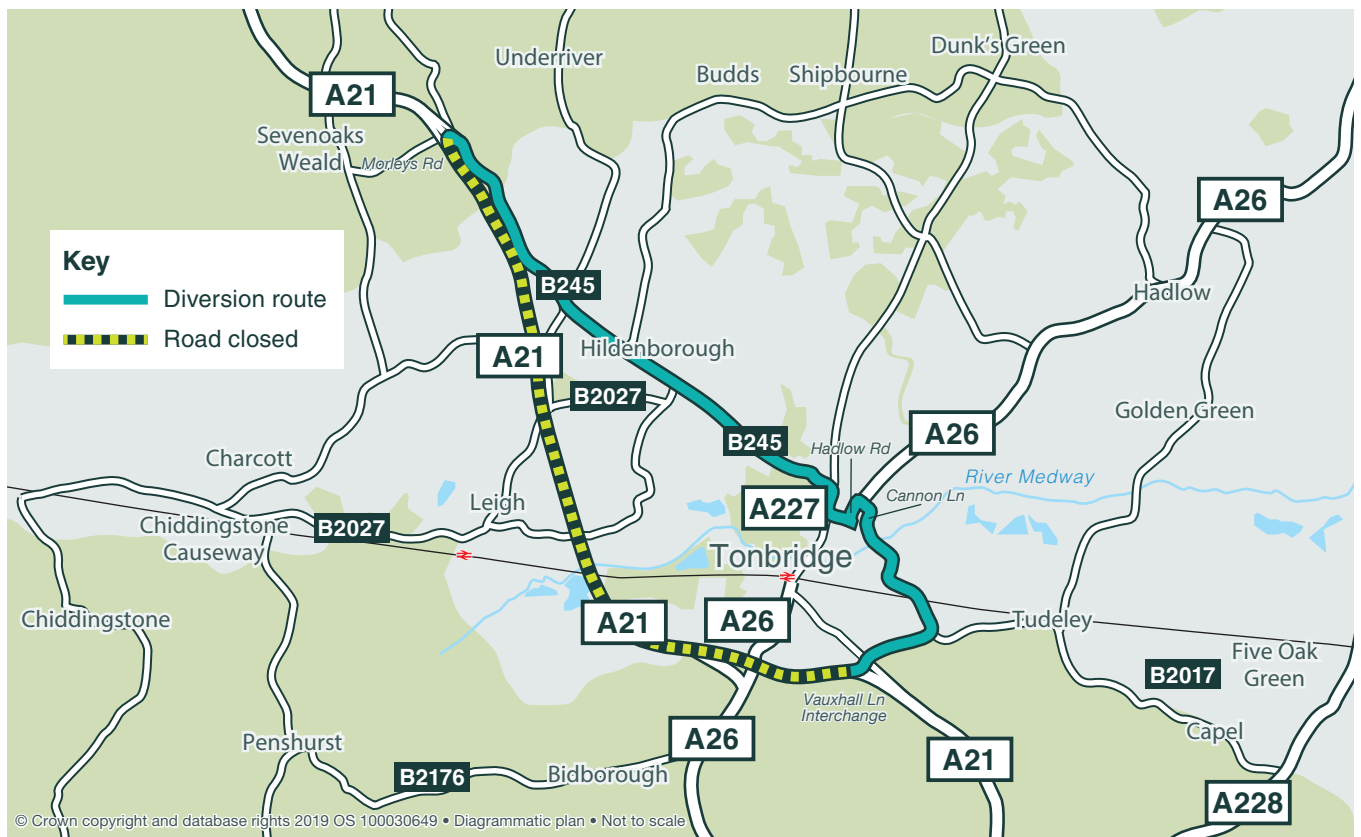

As delays are expected during this work, we advise you to plan your journey and allow extra time.

Diversion route

We will be closing the A21 at some points to do our work and the following signed diversion route will be in place.

Southbound diversion route: Traffic travelling southbound on the A21 will be diverted at the Sevenoaks Weald Interchange and should take the second exit to follow the B245 (Hildenborough) to the A227 southbound and then take the second left along Bordyke Road/Hadlow Road. From there traffic will follow Cannon Lane/A26 and re-join the A21 southbound at the Vauxhall Lane Interchange.

Northbound diversion route: Traffic travelling northbound on the A21 will be diverted at the Vauxhall Lane Interchange and will take the third exit at the following roundabout onto the A26. Traffic will then turn left to join Hadlow Road/Bordyke Road followed by a right turn to join the A227/B245, following the B245 until Sevenoaks Weald where traffic will then merge onto the A21 northbound via the third exit.
