

Etchingam Village Halls

Have you ever thought about setting up your own club or society using the Etchingam Village Halls? How about a bridge club playing regularly in the afternoon, an indoor sports club, a netball club or anything else (within reason!).

If you are organising a fundraising event, an exhibition or hosting a party for children, friends or family the halls are a great place.

The Etchingam Halls are a stunning purpose built venue presented and maintained to the highest standards. The halls can be hired individually or together depending on the event and benefit from fully equipped kitchens, seating, wifi and changing rooms.

They are suitable for all kinds of shows and performances including the option of a fully retractable seating system and stage lighting. We can also offer a music practice room with a tuned piano.

See our website for information
